

Evidence Based Intervention

Correction of Privately Funded Treatments

July 2022 v1.1

Document Owner:	Dr Rachel Joyce – Medical Director
Document Author(s):	Clinical Policies Group
Version:	v1.1
Approved By:	Commissioning Committee
Date of Approval:	1st July 2022
Date of Review:	1st July 2024 If the review date has exceeded, the published policy remains valid

Policy

The increase in privately funded surgery has led to an increase in requests for correction or amendments of such surgery on the NHS. This policy covers any privately funded treatment for which funding is sought to correct or revise the treatment on the NHS.

Funding requests will be considered on a case-by-case basis by the Hertfordshire and West Essex ICB IFR Panel and will only be funded where there is a clinical need or a clinical risk to the patient. Please see relevant service restriction policy on the ICB's website.

Corrections or revisions for cosmetic reasons will not normally be funded.

Corrections or revisions of privately funded treatment that are required as a life- threatening emergency are excluded from this policy.

Change History:

Version	Date	Reviewer(s)	Revision Description
1.1	4	Remove CCG wording, replaced with ICB wording	Lara Segovia

DOCUMENT CONTROL

This is a controlled document. Whilst this document may be printed, the electronic version posted on the intranet is the controlled copy. Any printed copies of this document are not controlled. As a controlled document, this document should not be saved onto local or network drives but should always be accessed from the website.

 **Do you really need to print this document?**

Please consider the environment before you print this document and where copies should be printed double-sided. Please also consider setting the Page Range in the Print properties, when relevant to do so, to avoid printing the policy in its entirety.
