

HWE Prescribing, Policies and Pathway website guide

[Prescribing, Policies and Pathways \(hweclinicalguidance.nhs.uk\)](http://hweclinicalguidance.nhs.uk)

Has very good search functionality using the *Search* box and filter

Clinical area browser and *Tabs* on top bar may be helpful to locate entries

Click here for list of all documents on the website, then filter as needed

Click here for list of all prescribing guidance, then filter as needed

Click here for list of all clinical pathways team outputs, then filter as needed

Click here for list of all clinical policies group outputs, then filter as needed

Prescribing, Policies and Pathways

The website and content are in development and being updated following the formation of the NHS Hertfordshire and West Essex Integrated Care Board replacing the three predecessor Clinical Commissioning Groups in Hertfordshire and West Essex.

If you have any comments on this new website please contact the relevant section.

This website provides clinical and prescribing information including decisions, guidance, pathways and policies to healthcare workers within Hertfordshire and West Essex Integrated Care System to support optimal patient care.

The majority of information and guidance published on our website is applicable to NHS Hertfordshire and West Essex Integrated Care Board's full geographical area and the communities we serve. There may be guidance tailored to a specific geographical base i.e. East and North Hertfordshire or South and West Hertfordshire (previously NHS Herts Valleys CCG) or West Essex. This variation is likely to occur where provisions are impacted by a difference in the local authority and service providers.

For quickest 'catch all' search use *Search* box

Type key word(s) in search box, then filter as needed.

See next pages for more details and examples.

Find clinical documents

The image shows the search interface. It has a search bar with the placeholder text 'search (or leave blank for all documents)' and a blue 'Search' button. Below the search bar is the word 'or' and a dropdown menu labeled 'Choose clinical area...' with a blue 'Browse' button.

Search using clinical area

Click on box to see drop down list of all clinical areas. Click on chosen area to list all website documents within area. Filter as needed.

See next pages for more details and examples

Click here for APC newsletters, traffic light classification and terms of reference

Click here for MODIG info

Click here for links to useful local and national websites

Click here for general information on CPG, EBI and IFR policy and form

Search using search box
 Type key word(s) in search box click **Search** button
 (if leave blank and click search all docs displayed A-Z)
 Top entries are those with chosen key word(s) in medicines/guideline or indication column.
 Lower entries contain chosen key word(s) within text.
Filter further if needed

Select relevant filter(s) to refine search then click *Filter* button

Can Control 'f' type key word(s) to search webpage

Filters: list fields populated with your search term

Find clinical documents

Search box: heart failure [Search]
