## Bobath Therapy

### July 2024 v2.0

<b>Document Owner:</b>	Dr Rachel Joyce – Medical Director
<b>Document Author(s):</b>	Clinical Policies Group
<b>Version:</b>	v2.0
<b>Approved By:</b>	HWE ICB Commissioning Committee
<b>Date of Approval:</b>	11 <sup>th</sup> July 2024
<b>Date of Review:</b>	July 2026

## Policy Statement:

### Intensive neurodisability therapies e.g., Bobath Therapy

#### Status: Not Normally Funded

Therapies for neurodisability are commissioned within existing services and pathways. Bobath therapy is a neurodevelopmental treatment approach / concept for the assessment and treatment of individuals with neurological conditions. Referral for assessment and / or treatment at Bobath centres, or similar intensive neurodisability therapy providers, falls outside commissioned therapy services and will not be normally funded.

**Patients who are not eligible for treatment under this policy may be considered on an individual basis where their GP or consultant believes exceptional circumstances exist that warrant deviation from the rule of this policy. Individual cases will be reviewed as per the ICB policy.**

## Change History:

Version	Date	Reviewer(s)	Revision Description
v2.0	July 2024	S. Chepkin	Rolling over for 2 years as this intervention remains a low clinical priority for the ICB.

## DOCUMENT CONTROL

*This is a controlled document. Whilst this document may be printed, the electronic version posted on the intranet is the controlled copy. Any printed copies of this document are not controlled. As a controlled document, this document should not be saved onto local or network drives but should always be accessed from the website.*

 *Do you really need to print this document?*

*Please consider the environment before you print this document and where copies should be printed double-sided. Please also consider setting the Page Range in the Print properties, when relevant to do so, to avoid printing the policy in its entirety.*
